Booker Taliaferro Washington (April 5, 1856 – November 14, 1915) was an American educator, author, and orator. Between 1890 and 1915, Washington was the primary leader in the African-American community and of the contemporary Black elite.

Born into slavery on April 5, 1856, in Hale's Ford, Virginia, Washington was freed when U.S. troops reached the area during the Civil War. As a young man, Booker T. Washington worked his way through Hampton Normal and Agricultural Institute and attended college at Wayland Seminary. In 1881, he was named as the first leader of the new Tuskegee Institute in Alabama, an institute for black higher education. He expanded the college, enlisting students in construction of buildings. Work at the college was considered fundamental to students' larger education. He attained national prominence for his Atlanta Address of 1895, which attracted the attention of politicians and the public. Washington played a dominant role in black politics, winning wide support in the black community of the South and among more liberal whites. Washington wrote an autobiography, *Up from Slavery*, in 1901, which became a major text. In that year, he dined with Theodore Roosevelt at the White House, which was the first time a black person publicly met the president on equal terms. After an illness, he died in Tuskegee, Alabama on November 14, 1915.

Washington was a key proponent of African-American businesses and one of the founders of the National Negro Business League. Washington mobilized a nationwide coalition of middle-class blacks, church leaders, and white philanthropists and politicians, with the goal of building the community's economic strength and pride by focusing on self-help and education. Washington had the ear of the powerful in the United States of his day, including presidents. He used the nineteenth-century American political system to manipulate the media, raise money, develop strategy, network, distribute funds, and reward a cadre of supporters. Because of his influential leadership, the timespan of his activity, from 1880 to 1915, has been called the Age of Booker T. Washington. Washington called for Black progress through education and entrepreneurship, rather than trying to challenge directly the Jim Crow segregation and the disenfranchisement of Black voters in the South. Furthermore, he supported racial uplift, but secretly also supported court challenges to segregation and to restrictions on voter registration. Black activists in the North, led by W. E. B. Du Bois, disagreed with him and opted to set up the NAACP to work for political change.

After his death in 1915, he came under heavy criticism for accommodating white supremacy, despite his claims that his long-term goal was to end the disenfranchisement of African Americans, the vast majority of whom still lived in the South. Decades after Washington's death in 1915, the civil rights movement of the 1950s took a more active and progressive approach, which was also based on new grassroots organizations based in the South. Washington's legacy has been controversial in the civil rights community. However, in the late twentieth century, more nuanced perspectives about his actions by scholars and historians interpreted him more positively.

On October 16, 1901, shortly after moving into the White House, President Theodore Roosevelt invited his adviser, the African American spokesman Booker T. Washington, to dine with him and his family. The event provoked an outpouring of condemnation from white politicians and press in the American South. This reaction affected subsequent White House practice and no other African American was invited to dinner for almost thirty years.

Booker T. & the M.G.'s were an American instrumental, R&B, and jazz band formed in Memphis, Tennessee, in 1962. The band is considered influential in shaping the sound of Southern soul and Memphis soul. The original members of the group were Booker T. Jones (organ, piano), Steve Cropper (guitar), Lewie Steinberg (bass), and Al Jackson Jr. (drums). In the 1960s, as members of the Mar-Keys, the rotating slate of musicians that served as the house band of Stax Records, they played on hundreds of recordings by artists including Wilson Pickett, Otis Redding, Bill Withers, Sam & Dave, Carla Thomas, Rufus Thomas, Johnnie Taylor, and Albert King. They also released instrumental records under their own name, including the 1962 hit single "Green Onions". As originators of the unique Stax sound, the group was one of the most prolific, respected, and imitated of its era.

In 1965, Steinberg was replaced by Donald "Duck" Dunn, who played with the group until his death in 2012. Al Jackson Jr. was murdered in 1975, after which Dunn, Cropper, and Jones reunited on numerous occasions using various drummers, including Willie Hall, Anton Fig, Steve Jordan and Steve Potts.

The band was inducted into the Rock and Roll Hall of Fame in 1992, the Musicians Hall of Fame and Museum in Nashville, Tennessee in 2008, the Memphis Music Hall of Fame in 2012, and the Blues Hall of Fame in 2019.

Having two white members (initially Cropper and Steinberg, later Cropper and Dunn) and two Black members (Jones and Jackson Jr.), Booker T. & the M.G.'s was one of the first racially integrated rock groups, at a time when soul music, and the Memphis music scene in particular, were generally considered the preserve of Black culture.
