## Old MacDonald Had a Farm

*"Old MacDonald Had a Farm" (sometimes shortened to Old MacDonald) is a traditional children's song and nursery rhyme about a farmer and the various animals*

"Old MacDonald Had a Farm" (sometimes shortened to Old MacDonald) is a traditional children's song and nursery rhyme about a farmer and the various animals he keeps. Each verse of the song changes the name of the animal and its respective noise. For example, if the verse uses a cow as the animal, then "moo" would be used as the animal's sound. In many versions, the song is cumulative, with the animal sounds from all the earlier verses added to each subsequent verse.

The song is attributed to Thomas d'Urfey for an opera in 1706, before existing as a folk song in Britain, Ireland and North America for hundreds of years in various forms then finally being standardised in the twentieth century. It has a Roud Folk Song Index number of 745.

## Parrina

*with about 20 wine producers, the largest of which, by far, is Antica Fattoria La Parrina. The DOC originally allowed only the use of Italian varieties*

Parrina is a small Italian Denominazione di Origine Controllata comprising parts of the commune of Orbetello in the province of Grosseto, Tuscany. The DOC was awarded in 1971, and extends to 110.33 hectares (272.6 acres) with about 20 wine producers, the largest of which, by far, is Antica Fattoria La Parrina. The DOC originally allowed only the use of Italian varieties such as Trebbiano, Sangiovese and Ansonica, but an amendment in 1986 recognised emerging trends in allowing the use of Chardonnay, Cabernet Sauvignon and Merlot. About 50% of the wine production is white, 35% red, and 15% rosato (rosé, or pink). The name "Parrina" may originate from the Castilian word for a pergola on which vines or figs are grown. Others argue the area took its name from the Parrini order which had a monastery here in the twelfth century (although the existence of such an order is hard to substantiate).

The small Parrina DOC is located entirely within the larger Ansonica Costa dell'Argentario DOC.

## Brunello di Montalcino

*Brunello di Montalcino Biondi Santi, 1967 – Brunello di Montalcino Fattoria dei Barbi, 1968, bottle n° R7381 – Tegelato, 1966, produced bottles: 39,200*

Brunello di Montalcino is a red DOCG Italian wine produced in the vineyards surrounding the town of Montalcino, in the province of Siena, located about 80 km south of Florence, in the Tuscan wine region. Brunello, a diminutive of bruno (lit. 'brown'), is the name that was given locally to what was believed to be an individual grape variety grown in Montalcino. In 1879 the province of Siena's Ampelographic Commission determined, after a few years of controlled experiments, that Sangiovese and Brunello were the same grape variety, and that the former should be its designated name. In Montalcino the name Brunello evolved into the designation of the wine produced with 100% Sangiovese.

In 1980, Brunello di Montalcino was among the four wines awarded the first denominazione di origine controllata e garantita (DOCG) designation. Today it is one of Italy's best-known and most expensive wines.
