## Paris

*Paris* (/ˈpæ.rɪs/, French pronunciation: [paʁi] ) is the capital and largest city of France. With an estimated population of 2,048,472 in January 2025

Paris ( , French pronunciation: [paʁi] ) is the capital and largest city of France. With an estimated population of 2,048,472 in January 2025 in an area of more than 105 km<sup>2</sup> (41 sq mi), Paris is the fourth-most populous city in the European Union and the 30th most densely populated city in the world in 2022. Since the 17th century, Paris has been one of the world's major centres of finance, diplomacy, commerce, culture, fashion, and gastronomy. Because of its leading role in the arts and sciences and its early adoption of extensive street lighting, Paris became known as the City of Light in the 19th century.

The City of Paris is the centre of the Île-de-France region, or Paris Region, with an official estimated population of 12,271,794 in January 2023, or about 19% of the population of France. The Paris Region had a nominal GDP of €765 billion (US\$1.064 trillion when adjusted for PPP) in 2021, the highest in the European Union. According to the Economist Intelligence Unit Worldwide Cost of Living Survey, in 2022, Paris was the city with the ninth-highest cost of living in the world.

Paris is a major railway, highway, and air-transport hub served by two international airports: Charles de Gaulle Airport, the third-busiest airport in Europe, and Orly Airport. Paris has one of the most sustainable transportation systems and is one of only two cities in the world that received the Sustainable Transport Award twice. Paris is known for its museums and architectural landmarks: the Louvre received 8.9 million visitors in 2023, on track for keeping its position as the most-visited art museum in the world. The Musée d'Orsay, Musée Marmottan Monet and Musée de l'Orangerie are noted for their collections of French Impressionist art. The Pompidou Centre, Musée National d'Art Moderne, Musée Rodin and Musée Picasso are noted for their collections of modern and contemporary art. The historical district along the Seine in the city centre has been classified as a UNESCO World Heritage Site since 1991.

Paris is home to several United Nations organisations including UNESCO, as well as other international organisations such as the OECD, the OECD Development Centre, the International Bureau of Weights and Measures, the International Energy Agency, the International Federation for Human Rights, along with European bodies such as the European Space Agency, the European Banking Authority and the European Securities and Markets Authority. The football club Paris Saint-Germain and the rugby union club Stade Français are based in Paris. The 81,000-seat Stade de France, built for the 1998 FIFA World Cup, is located just north of Paris in the neighbouring commune of Saint-Denis. Paris hosts the French Open, an annual Grand Slam tennis tournament, on the red clay of Roland Garros. Paris hosted the 1900, the 1924, and the 2024 Summer Olympics. The 1938 and 1998 FIFA World Cups, the 2019 FIFA Women's World Cup, the 2007 and 2023 Rugby World Cups, the 1954 and 1972 Rugby League World Cups, as well as the 1960, 1984 and 2016 UEFA European Championships were held in Paris. Every July, the Tour de France bicycle race finishes on the Avenue des Champs-Élysées.

now a drifter, roaming the United States taking odd jobs and investigating suspicious and frequently dangerous situations, some of which are of a personal nature. The Reacher series has maintained a schedule of one book per year, except for 2010, when two installments were published.

The character was portrayed by Tom Cruise in a 2012 film and 2016 sequel as well as Alan Ritchson in a streaming television series which premiered on Amazon Prime Video in 2022.

The settings for many of the novels are in the United States of America ranging from major metropolitan areas like New York City, Los Angeles and Washington, D.C., to small rural towns in the Midwestern United States and Southern United States. ## Paris Hilton

*Paris (2020); the books Confessions of an Heiress (2004), Your Heiress Diary (2005), and Paris: The Memoir (2023); as well as the podcast I am Paris (2021–present)*

Paris Whitney Hilton (born February 17, 1981) is an American media personality, businesswoman, and socialite. Born in New York City, she is a great-granddaughter of Hilton Hotels founder Conrad Hilton. She first attracted tabloid attention in the late 1990s for her presence in New York City's social scene, ventured into fashion modeling in 2000, and was proclaimed "New York's leading It Girl" in 2001. The reality television series The Simple Life (2003–2007), in which she co-starred with her friend Nicole Richie, and a leaked 2003 sex tape with her then-boyfriend Rick Salomon, later released as 1 Night in Paris (2004), catapulted her to global fame.

Hilton's media ventures have included the reality television series Paris Hilton's My New BFF (2008–2009), The World According to Paris (2011), Hollywood Love Story (2018), Cooking with Paris (2021), and Paris in Love (2021–2023); the documentaries Paris, Not France (2008), The American Meme (2018), and This Is Paris (2020); the books Confessions of an Heiress (2004), Your Heiress Diary (2005), and Paris: The Memoir (2023); as well as the podcast I am Paris (2021–present). She has pursued acting in the films House of Wax (2005) and Repo! the Genetic Opera (2008), and singing with a line of standalone singles and the studio albums Paris (2006) and Infinite Icon (2024). She has also performed as a disc jockey since 2012.

A polarizing and ubiquitous public figure, Hilton is said to have influenced the revival of the "famous for being famous" phenomenon throughout the 2000s. Critics indeed suggest that she exemplifies the celebutante—a household name through inherited wealth and lavish lifestyle. Forbes included her in its Celebrity 100 in 2004, 2005, and 2006, and ranked her as the most "overexposed" celebrity in 2006 and 2008. Hilton has parlayed her media fame into numerous business endeavors. Under her company, she has produced content for broadcast media, launched a variety of product lines, and opened several boutiques worldwide, as well as an urban beach club in the Philippines. Her perfume line alone has brought in over US\$2.5 billion in revenue, as of 2020.

## Paris Commune

*The Paris Commune (French: Commune de Paris, pronounced [k?.myn d? pa.?i]) was a French revolutionary government that seized power in Paris on 18 March*

The Paris Commune (French: Commune de Paris, pronounced [k?.myn d? pa.?i]) was a French revolutionary government that seized power in Paris on 18 March 1871 and controlled parts of the city until 28 May 1871. During the Franco-Prussian War of 1870–71, the French National Guard had defended Paris, and working-class radicalism grew among its soldiers. Following the establishment of the French Third Republic in September 1870 (under French chief-executive Adolphe Thiers from February 1871) and the complete defeat of the French Army by the Germans by March 1871, soldiers of the National Guard seized control of the city

on 18 March. The Communards killed two French Army generals and refused to accept the authority of the Third Republic; instead, the radicals set about establishing their own independent government.

The Commune governed Paris for two months, promoting policies that tended toward a progressive, anti-religious system, which was an eclectic mix of many 19th-century schools of thought. These policies included the separation of church and state, self-policing, the remission of rent, the abolition of child labor, and the right of employees to take over an enterprise deserted by its owner. The Commune closed all Catholic churches and schools in Paris. Feminist, communist, old-style social democracy (a mix of reformism and revolutionism), and anarchist/Proudhonist currents, among other socialist types, played important roles in the Commune.

The various Communards had little more than two months to achieve their respective goals before the national French Army suppressed the Commune during the *semaine sanglante* ("bloody week") beginning on 21 May 1871. The national forces still loyal to the Third Republic government either killed in battle or executed an estimated 10,000 to 15,000 Communards, though one unconfirmed estimate from 1876 put the toll as high as 20,000. In its final days, the Commune executed the Archbishop of Paris, Georges Darboy, and about one hundred hostages, mostly gendarmes and priests.

National army forces took 43,522 Communards as prisoners, including 1,054 women. More than half of the prisoners had not fought, and were released immediately. The Third Republic tried around 15,000 in court, 13,500 of whom were found guilty, 95 were sentenced to death, 251 to forced labor, and 1,169 to deportation (mostly to New Caledonia). Many other Commune supporters, including several of the leaders, fled abroad, mostly to England, Belgium or Switzerland. All the surviving prisoners and exiles received pardons in 1880 and could return home, where some resumed political careers.

Debates over the policies and result of the Commune had significant influence on the ideas of Karl Marx and Friedrich Engels, who described the régime in Paris as the first example of the dictatorship of the proletariat. Engels wrote: "Of late, the Social-Democratic philistine has once more been filled with wholesome terror at the words: Dictatorship of the Proletariat. Well and good, gentlemen, do you want to know what this dictatorship looks like? Look at the Paris Commune. That was the Dictatorship of the Proletariat."

## The Hunchback of Notre-Dame

*The Hunchback of Notre-Dame* (French: *Notre-Dame de Paris*, lit. *'Our Lady of Paris'*; originally titled *Notre-Dame de Paris*. 1482) is a French Gothic novel

The Hunchback of Notre-Dame (French: *Notre-Dame de Paris*, lit. 'Our Lady of Paris', originally titled *Notre-Dame de Paris*. 1482) is a French Gothic novel by Victor Hugo, published in 1831. The title refers to the Notre-Dame Cathedral, which features prominently throughout the novel. It focuses on the unfortunate story of Quasimodo, the Romani street dancer Esmeralda, and Quasimodo's guardian the Archdeacon Claude Frollo in 15th-century Paris. All its elements—the Renaissance setting, impossible love affairs and marginalised characters—make the work a model of the literary themes of Romanticism.

The novel is considered a classic of French literature and has been adapted repeatedly for film, stage and television. Some prominent examples include a 1923 silent film with Lon Chaney, a 1939 sound film with Charles Laughton, a 1956 film with Anthony Quinn, and a 1996 Disney animated film with Tom Hulce.

Written during a time of cultural upheaval, the novel champions historical preservation. Hugo solidified *Notre-Dame de Paris* as a national icon, arguing for the preservation of Gothic architecture as an element of France's cultural heritage.

## Book of Enoch

*anywhere in extant versions of Origen. Outside of Ethiopia, the text of the Book of Enoch was considered lost until the beginning of the seventeenth century*

The Book of Enoch (also 1 Enoch;

Hebrew: ????? ??????, Sʿfer ʿEnōḥ; Ge'ez: ???? ???, Maʿafa Hʾnok) is an ancient Jewish apocalyptic religious text, ascribed by tradition to the patriarch Enoch who was the father of Methuselah and the great-grandfather of Noah. The Book of Enoch contains unique material on the origins of demons and Nephilim, why some angels fell from heaven, an explanation of why the Genesis flood was morally necessary, and a prophetic exposition of the thousand-year reign of the Messiah. Three books are traditionally attributed to Enoch, including the distinct works 2 Enoch and 3 Enoch.

1 Enoch is not considered to be canonical scripture by most Jewish or Christian church bodies, although it is part of the biblical canon used by the Ethiopian Jewish community Beta Israel, as well as the Ethiopian Orthodox Tewahedo Church and Eritrean Orthodox Tewahedo Church.

The older sections of 1 Enoch are estimated to date from about 300–200 BCE, and the latest part (Book of Parables) is probably from around 100 BCE. Scholars believe Enoch was originally written in either Aramaic or Hebrew, the languages first used for Jewish texts. Ephraim Isaac suggests that the Book of Enoch, like the Book of Daniel, was composed partially in Aramaic and partially in Hebrew. No Hebrew version is known to have survived. Copies of the earlier sections of 1 Enoch were preserved in Aramaic among the Dead Sea Scrolls in the Qumran Caves.

Authors of the New Testament were also familiar with some content of the book. A short section of 1 Enoch is cited in the Epistle of Jude, Jude 1:14–15, and attributed there to "Enoch the Seventh from Adam" (1 Enoch 60:8), although this section of 1 Enoch is a midrash on Deuteronomy 33:2, which was written long after the supposed time of Enoch. The full Book of Enoch only survives in its entirety in the Geʿez translation.

Notre-Dame de Paris

Notre-Dame de Paris (French: Cathédrale Notre-Dame de Paris French: [nʔtʔ(?) dam dʔ paʔi] ; meaning "Cathedral of Our Lady of Paris"), often referred to simply as Notre-Dame, is a medieval Catholic cathedral on the Île de la Cité (an island in the River Seine), in the 4th arrondissement of Paris, France. It is the cathedral church of the Roman Catholic Archdiocese of Paris.

The cathedral, dedicated to the Virgin Mary ("Our Lady"), is considered one of the finest examples of French Gothic architecture. Several attributes set it apart from the earlier Romanesque style, including its pioneering use of the rib vault and flying buttress, its enormous and colourful rose windows, and the naturalism and abundance of its sculptural decoration. Notre-Dame is also exceptional for its three pipe organs (one historic) and its immense church bells.

The construction of the cathedral began in 1163 under Bishop Maurice de Sully and was largely completed by 1260, though it was modified in succeeding centuries. In the 1790s, during the French Revolution, Notre-Dame suffered extensive desecration; much of its religious imagery was damaged or destroyed. In the 19th century, the cathedral hosted the coronation of Napoleon and the funerals of many of the French Republic's presidents. The 1831 publication of Victor Hugo's novel *Notre-Dame de Paris* (English title: *The Hunchback of Notre-Dame*) inspired interest which led to restoration between 1844 and 1864, supervised by Eugène Viollet-le-Duc. On 26 August 1944, the Liberation of Paris from German occupation was celebrated in Notre-Dame with the singing of the Magnificat. Beginning in 1963, the cathedral's façade was cleaned of soot and grime. Another cleaning and restoration project was carried out between 1991 and 2000. A fire in

April 2019 caused serious damage, closing the cathedral for extensive and costly repairs; it reopened in December 2024.

It is a widely recognised symbol of both the city of Paris and the French nation. In 1805, it was awarded honorary status as a minor basilica. As the cathedral of the archdiocese of Paris, Notre-Dame contains the cathedra or seat of the archbishop of Paris (currently Laurent Ulrich). In the early 21st century, about 12 million people visited Notre-Dame annually, making it the most visited monument in Paris.

Since 1905, Notre-Dame, like the other cathedrals in France, has been owned by the French government, with the exclusive rights of use granted to the French Roman Catholic Church. The French government is responsible for its maintenance.

Over time, the cathedral has gradually been stripped of many decorations and artworks. It still contains Gothic, Baroque, and 19th-century sculptures, 17th- and early 18th-century altarpieces, and some of the most important relics in Christendom, including the crown of thorns, and a sliver and nail from the True Cross.

A book is a structured presentation of recorded information, primarily verbal and graphical, through a medium. Originally physical, electronic books and audiobooks are now existent. Physical books are objects that contain printed material, mostly of writing and images. Modern books are typically composed of many pages bound together and protected by a cover, what is known as the codex format; older formats include the scroll and the tablet.

As a conceptual object, a book often refers to a written work of substantial length by one or more authors, which may also be distributed digitally as an electronic book (ebook). These kinds of works can be broadly classified into fiction (containing invented content, often narratives) and non-fiction (containing content intended as factual truth). But a physical book may not contain a written work: for example, it may contain only drawings, engravings, photographs, sheet music, puzzles, or removable content like paper dolls.

The modern book industry has seen several major changes due to new technologies, including ebooks and audiobooks (recordings of books being read aloud). Awareness of the needs of print-disabled people has led to a rise in formats designed for greater accessibility such as braille printing and large-print editions.

Google Books estimated in 2010 that approximately 130 million total unique books had been published. The book publishing process is the series of steps involved in book creation and dissemination. Books are sold at both regular stores and specialized bookstores, as well as online (for delivery), and can be borrowed from libraries or public bookcases. The reception of books has led to a number of social consequences, including censorship.

Books are sometimes contrasted with periodical literature, such as newspapers or magazines, where new editions are published according to a regular schedule. Related items, also broadly categorized as "books", are left empty for personal use: as in the case of account books, appointment books, autograph books, notebooks, diaries and sketchbooks.
