Thomas Stewart Baker (born 20 January 1934) is an English actor and writer. He is best known for having played the fourth and longest-serving incarnation of the Doctor in the science fiction television series Doctor Who from 1974 to 1981.

Later in his career, Baker performed in the television series Medics (1992–1995), Randall & Hopkirk (Deceased) (2000–2001) and Monarch of the Glen (2004–2005). He also provided narration for the television comedy series Little Britain (2003–2006) and Little Britain USA (2008). His voice, which has been described as "sonorous", was voted the fourth-most recognisable in the UK in 2006.

Cunk on Earth is a British mockumentary television series produced by Charlie Brooker for the BBC and Netflix. The series stars Diane Morgan as Philomena

Cunk on Earth is a British mockumentary television series produced by Charlie Brooker for the BBC and Netflix. The series stars Diane Morgan as Philomena Cunk, an ill-informed investigative reporter, a character who previously starred on Charlie Brooker's Weekly Wipe and Cunk on Britain. The series was acclaimed by critics, with many praising Morgan's deadpan delivery. It premiered in the United Kingdom on BBC Two on 20 September 2022, and was released in the United States on Netflix on 31 January 2023.

For her performance in the series, Morgan was nominated for the British Academy Television Award for Best Female Comedy Performance.

Six (Mansun album)

including: Life as a Series of Compromises by Graham Langdon Who on Earth is Tom Baker? by Tom Baker (the actor's autobiography) Nineteen Eighty Four by George

Six is the second album by English alternative rock band Mansun, released in September 1998 via Parlophone. It was released in the UK and Europe on 7 September 1998, and in the US on 20 April 1999, with an alternative running order, different artwork, and the re-recorded single version of the title track. In an interview prior to the release of Six, Paul Draper stated that the "interlude" "Witness to a Murder (Part Two)" was included to separate the album into two parts as a tribute to old-style vinyl albums.

Fourth Doctor

Doctor is an incarnation of the Doctor, the protagonist of the British science fiction television series Doctor Who. He is portrayed by Tom Baker. Within

The Fourth Doctor is an incarnation of the Doctor, the protagonist of the British science fiction television series Doctor Who. He is portrayed by Tom Baker.

Within the series' narrative, the Doctor is a centuries-old alien Time Lord from the planet Gallifrey who travels in time and space in the TARDIS, frequently with companions. At the end of life, the Doctor regenerates; as a result, the physical appearance and personality of the Doctor changes. Preceded in regeneration by the Third Doctor (Jon Pertwee), he is followed by the Fifth Doctor (Peter Davison).

Baker portrays the Fourth Doctor as a whimsical and sometimes brooding individual whose enormous personal warmth is at times tempered by his capacity for righteous anger. His initial companions were the journalist Sarah Jane Smith (Elisabeth Sladen), who had travelled with his previous incarnation, and Surgeon-Lieutenant Harry Sullivan (Ian Marter) of UNIT. His later companions were the warrior Leela (Louise Jameson), robotic dog K9 (John Leeson and David Brierly), fellow Time Lord Romana (Mary Tamm and Lalla Ward), teen mathematical genius Adric (Matthew Waterhouse), teen alien aristocrat Nyssa (Sarah Sutton), and Australian flight attendant Tegan Jovanka (Janet Fielding).

Baker portrayed the character for seven consecutive seasons, which remains the longest tenure of any actor to portray the lead, counting both the classic and new series. Baker's tenure as the Doctor is highly regarded among fans of the show and he is considered as one of the most iconic incarnations of the character.

List of Doctor Who episodes (1963–1989)

exile on Earth. This season introduces the companion Sarah Jane Smith portrayed by Elisabeth Sladen. The Fourth Doctor was portrayed by Tom Baker. He is, to

Doctor Who is a British science fiction television programme produced by the BBC. Doctor Who ceased production in 1989 after 695 episodes. A one-off TV movie was produced in the United States in 1996, before the series resumed in 2005. The original series (1963–1989), generally consists of multi-episode serials; in the early seasons, and occasionally through its run, serials tend to link together, one story leading directly into the next. The 2005 revival trades the earlier serial format for a run of self-contained episodes, interspersed with occasional multi-part stories and structured into loose story arcs.

As of 31 May 2025, 892 episodes of Doctor Who have aired. This includes one television movie and multiple specials, and encompasses 319 stories over 40 seasons, starting in 1963. Additionally, four charity specials and two animated serials have also been aired. The programme's high episode count has resulted in Doctor Who holding the world record for the highest number of episodes of a science-fiction programme.

For the first two seasons of Doctor Who and most of the third (1963–1966), each episode carries its own title; the show displays no titles for overarching serials until *The Savages*, at which point the episodic titles cease. The titles below, for these early serials, are those in most common circulation, used for commercial releases and in resources such as the Doctor Who Reference Guide and the BBC's classic episode guide. With the show's revival in 2005, the programme returned to individual episode titles.

Due to the BBC's 1970s junking policy, 97 episodes of Doctor Who from the 1960s are no longer known to exist. As a result, 26 serials are currently incomplete, with one or more episodes represented only by audio, which in many cases is in addition to clips or still frames. For commercial release, some episodes have been reconstructed using off-air audio recordings, paired to surviving visuals or newly commissioned animation.

The story numbers below are meant as a guide to placement in the overall context of the programme. There is some dispute, for instance, about whether to count Season 23's *The Trial of a Time Lord* as one or as four serials, and whether the unfinished serial *Shada* should be included. The numbering scheme in this list

follows the official website's episode guide. Other sources, such as the Region 1 classic Doctor Who DVD releases, use different numbering schemes, which diverge after the 108th story, *The Horns of Nimon* (1979–1980).

Between the Covers (TV programme)

Lessons In Chemistry by Bonnie Garmus *Love Marriage* by Monica Ali *Metronome* by Tom Watson *Exactly What You Mean* by Ben Hinshaw *The Dictator's Wife* by Freya

Between the Covers is a BBC talk show hosted by Sara Cox in which guest stars talk about their favourite books, alongside other book picks as well.

In March 2024, a Between The Covers Live! Tour was announced. This initial run of shows would have show dates in London, Oxford, Nottingham, Birmingham, Reading and Brighton and will feature Jo Brand, Kacey Ainsworth, Stephen Mangan, Joseph O'Connor. The tour will be hosted by the TV series executive producer, Amanda Ross.

Cheaper by the Dozen 2

Baker, Tom and Kate's second daughter who is planning to move to New York so that she can intern at Allure magazine. Kevin G. Schmidt as Henry Baker,

Cheaper by the Dozen 2 is a 2005 American family comedy film directed by Adam Shankman. It is the sequel to *Cheaper by the Dozen* (2003) and stars Steve Martin, Bonnie Hunt, Tom Welling, Piper Perabo, and Hilary Duff with Kevin G. Schmidt, Alyson Stoner, Jacob Smith, Forrest Landis, Liliana Mumy, Morgan York, Blake Woodruff, and Brent and Shane Kinsman reprising their roles as members of the 12-child Baker family, alongside Eugene Levy, Carmen Electra, Shawn Roberts, Jaime King, Robbie Amell, Taylor Lautner, and Jonathan Bennett as new characters. It tells the story of the Baker family as they go on a vacation and contend with a rival family, the Murtaughs.

The film was released in the United States on December 21, 2005. It received negative reviews from critics and grossed \$135 million worldwide.

Doctor Who

Productions have produced audio plays based on Doctor Who and its spinoffs. Tom Baker, Peter Davison, Colin Baker, Sylvester McCoy, Paul McGann, Christopher

Doctor Who is a British science fiction television series broadcast by the BBC since 1963. The series, created by Sydney Newman, C. E. Webber and Donald Wilson, depicts the adventures of an extraterrestrial being called the Doctor, part of a humanoid species called Time Lords. The Doctor travels in the universe and in time using a time travelling spaceship called the TARDIS, which externally appears as a British police box. While travelling, the Doctor works to save lives and liberate oppressed peoples by combating foes. The Doctor usually travels with companions.

Beginning with William Hartnell, fourteen actors have headlined the series as the Doctor; the most recent being Ncuti Gatwa, who portrayed the Fifteenth Doctor from 2023 to 2025. The transition between actors is written into the plot of the series with the concept of regeneration into a new incarnation, a plot device in which, when a Time Lord is fatally injured or weakened from old age, their cells regenerate and they are reincarnated into a different body with new mannerisms and behaviour but the same memories. This explains each actor's distinct portrayal, as they all represent different stages in the Doctor's life and, together, form a single lifetime with a single narrative. The time-travelling nature of the plot means that different incarnations of the Doctor occasionally meet. The Doctor can change ethnic appearance or gender; in 2017, Jodie Whittaker became the first woman cast in the lead role, and in 2023, Gatwa became the first black actor to

lead the series.

The series is a significant part of British popular culture and has gained a cult following overseas. It has influenced generations of British television professionals, many of whom grew up watching the series. Fans of the series are sometimes referred to as Whovians. The series has been listed in Guinness World Records as the longest-running science-fiction television series in the world, as well as the "most successful" science-fiction series of all time, based on its overall broadcast ratings, DVD and book sales.

The series originally ran from 1963 to 1989. There was an unsuccessful attempt to revive regular production in 1996 with a backdoor pilot in the form of a television film titled *Doctor Who*. The series was relaunched in 2005 and was produced in-house by BBC Wales in Cardiff. Since 2023, the show has been co-produced by Bad Wolf and BBC Studios Productions in Cardiff. *Doctor Who* has spawned numerous spin-offs as part of the Whoniverse, including comic books, films, novels and audio dramas, and the television series *Torchwood* (2006–2011), *The Sarah Jane Adventures* (2007–2011), *K9* (2009–2010), *Class* (2016), *Tales of the TARDIS* (2023–2024), and the upcoming *The War Between the Land and the Sea*. It has been the subject of many parodies and references in popular culture.

List of Doctor Who audiobooks

was a Tom Baker reading of a State of Decay novelisation, released in 1981. From 1995 to 1997, recordings of the novelisations of seven Doctor Who serials

This is a list of Doctor Who audiobooks. The first Doctor Who audiobook, consisting of readings by Gabriel Woolf of the novelisations of *The Three Doctors*, *Carnival of Monsters*, and *Terror of the Zygons*, was produced by the RNIB in 1978 and was available only to the registered blind through the RNIB and libraries. The first audiobook available to the general public was a Tom Baker reading of a *State of Decay* novelisation, released in 1981.

From 1995 to 1997, recordings of the novelisations of seven Doctor Who serials and three sets of original short stories were released by the BBC on cassette. Each of the novelisations was read by the actor who had portrayed the Doctor in the respective serial. The short stories were read by various actors associated with the series. All of these recordings were re-released in the *Tales from the TARDIS* MP3-CD collections in 2004.

In 2005 publishing began of two new sets of audiobooks. The first consisted of novelisations of serials from the "Classic" Doctor Who era, the second series consists of original novels from the New Series Adventures line. Starting in 2007, the RNIB produced unabridged versions of selected Ninth and Tenth Doctor audiobooks as well as selected Classic Series novelisations.
