1 (one, unit, unity) is a number, numeral, and glyph. It is the first and smallest positive integer of the infinite sequence of natural numbers. This fundamental property has led to its unique uses in other fields, ranging from science to sports, where it commonly denotes the first, leading, or top thing in a group. 1 is the unit of counting or measurement, a determiner for singular nouns, and a gender-neutral pronoun. Historically, the representation of 1 evolved from ancient Sumerian and Babylonian symbols to the modern Arabic numeral.

In mathematics, 1 is the multiplicative identity, meaning that any number multiplied by 1 equals the same number. 1 is by convention not considered a prime number. In digital technology, 1 represents the "on" state in binary code, the foundation of computing. Philosophically, 1 symbolizes the ultimate reality or source of existence in various traditions.

iPhone 14

Pre-orders for the iPhone 14 and iPhone 14 Plus began on September 9, 2022. Along with the 14 Pro and 14 Pro Max, the iPhone 14 and 14 Plus are the last iPhones

The iPhone 14 and iPhone 14 Plus are smartphones developed and marketed by Apple Inc. They are the sixteenth-generation iPhones, succeeding the iPhone 13 and iPhone 13 Mini, and were announced during Apple Event, Apple Park in Cupertino, California, on September 7, 2022, alongside the higher-priced iPhone 14 Pro and iPhone 14 Pro Max flagships. The iPhone 14 and iPhone 14 Plus feature a 6.1-inch (15 cm) and 6.7-inch (17 cm) display, improvements to the rear-facing camera, and satellite connectivity for contacting emergency services when a user in trouble is beyond the range of Wi-Fi or cellular networks. The iPhone 14 was made available on September 16, 2022, and iPhone 14 Plus was made available on October 7, 2022, priced at \$799 and \$899 respectively and was launched with iOS 16. Pre-orders for the iPhone 14 and iPhone 14 Plus began on September 9, 2022. Along with the 14 Pro and 14 Pro Max, the iPhone 14 and 14 Plus are the last iPhones to feature the Lightning port, as their successors, the iPhone 15 and 15 Plus (announced on September 12, 2023), use a USB-C port, per European Commission regulation.

The iPhone 14 does not have a "Mini" version like its predecessor, the iPhone 13. Instead, Apple returned to a larger model with the iPhone 14 Plus. Apple had not introduced a "Plus" model iPhone since the iPhone 8 Plus in 2017. Both iPhone 14 models (as well as iPhone 14 Pro models) sold in the United States, ended support for physical SIM cards, making them the first iPhone models since the CDMA variant of the iPhone 4 not to come with a discrete SIM card reader, requiring activation by way of eSIM.

To comply with mandates, the iPhone 14 models, along with the iPhone SE (third generation), were discontinued in the European Union in 2024, completing the iPhone's transition from a Lightning connection to USB-C. The iPhone 14 models alongside the iPhone SE (third generation) were later discontinued worldwide on February 19, 2025, following the unveil of the iPhone 16e.

Enclosed Alphanumerics

L2/01-480 Muller, Eric (2001-12-14), Proposal to add NEGATIVE CIRCLED DIGIT ZERO L2/02-193 Muller, Eric (2001-12-14), Proposal to add Negative Circled

Enclosed Alphanumerics is a Unicode block of typographical symbols of an alphanumeric within a circle, a bracket or other not-closed enclosure, or ending in a full stop.

It is currently fully allocated. Within the Basic Multilingual Plane, a few additional enclosed numerals are in the Dingbats and the Enclosed CJK Letters and Months blocks. There is also a block with more of these characters in the Supplementary Multilingual Plane named Enclosed Alphanumeric Supplement (U+1F100–U+1F1FF), as of Unicode 6.0.

14 (number)

14 (fourteen) is the natural number following 13 and preceding 15. Look up fourteen in Wiktionary, the free dictionary. Fourteen is the seventh composite

14 (fourteen) is the natural number following 13 and preceding 15.

Napoleonic Wars

east of the Rhine into Prussia. Napoleon defeated a Prussian army at Jena (14 October 1806), and Davout defeated another at Auerstädt on the same day. 160

The Napoleonic Wars (1803–1815) were a global series of conflicts fought by a fluctuating array of European coalitions against the French First Republic (1803–1804) under the First Consul followed by the First French Empire (1804–1815) under the Emperor of the French, Napoleon Bonaparte. The wars originated in political forces arising from the French Revolution (1789–1799) and from the French Revolutionary Wars (1792–1802) and produced a period of French domination over Continental Europe. The wars are categorised as seven conflicts, five named after the coalitions that fought Napoleon, plus two named for their respective theatres: the War of the Third Coalition, War of the Fourth Coalition, War of the Fifth Coalition, War of the Sixth Coalition, War of the Seventh Coalition, the Peninsular War, and the French invasion of Russia.

The first stage of the war broke out when Britain declared war on France on 18 May 1803, alongside the Third Coalition. In December 1805, Napoleon defeated the allied Russo-Austrian army at Austerlitz, which led to the dissolution of the Holy Roman Empire and thus forced Austria to make peace. Concerned about increasing French power, Prussia led the creation of the Fourth Coalition, which resumed war in October 1806. Napoleon defeated the Prussians at Jena-Auerstedt and the Russians at Friedland, bringing an uneasy peace to the continent. The treaty had failed to end the tension, and war broke out again in 1809, with the

Austrian-led Fifth Coalition. At first, the Austrians won a significant victory at Aspern-Essling but were quickly defeated at Wagram.

Hoping to isolate and weaken Britain economically through his Continental System, Napoleon launched an invasion of Portugal, the only remaining British ally in continental Europe. After occupying Lisbon in November 1807, and with the bulk of French troops present in Spain, Napoleon seized the opportunity to turn against his former ally, depose the reigning Spanish royal family, and declare his brother as Joseph I the King of Spain in 1808. The Spanish and Portuguese then revolted with British support, and expelled the French from Iberia in 1814 after six years of fighting.

Concurrently Russia, unwilling to bear the economic consequences of reduced trade, routinely violated the Continental System, prompting Napoleon to launch a massive invasion in 1812. The resulting campaign ended in disaster for France and the near-destruction of Napoleon's Grande Armée.

Encouraged by the defeat, Great Britain, Austria, Prussia, Sweden, and Russia formed the Sixth Coalition and began a campaign against France, decisively defeating Napoleon at Leipzig in October 1813. The allies then invaded France from the east, while the Peninsular War spilled over into southwestern France. Coalition troops captured Paris at the end of March 1814, forced Napoleon to abdicate in April, exiled him to the island of Elba, and restored power to the Bourbons. Napoleon escaped from exile in February 1815 and reassumed control of France for around one Hundred Days. The allies formed the Seventh Coalition, which defeated him at Waterloo in June 1815 and exiled him to the island of Saint Helena, where he died six years later in 1821.

The wars had profound consequences on global history, including the spread of nationalism and liberalism, advancements in civil law, the rise of Britain as the world's foremost naval and economic power, the appearance of independence movements in Spanish America and the subsequent decline of the Spanish and Portuguese Empires, the fundamental reorganization of German and Italian territories into larger states, and the introduction of radically new methods of conducting warfare. After the end of the Napoleonic Wars, the Congress of Vienna redrew Europe's borders and brought a relative peace to the continent, lasting until the Revolutions of 1848 and the Crimean War in 1853.

Revolution of Dignity

taking part in protests were scheduled to be released after 17 February. On 14 February, Yanukovych said: "I want to say that I was incited, and I'm incited"

The Revolution of Dignity (Ukrainian: ?????????, romanized: Revoliutsiia hidnosti), also known as the Maidan Revolution or the Ukrainian Revolution, took place in Ukraine in February 2014 at the end of the Euromaidan protests, when deadly clashes between protesters and state forces in the capital Kyiv culminated in the ousting of President Viktor Yanukovych, the return to the 2004 Constitution of Ukraine, and the outbreak of the 2014 Russo-Ukrainian War.

In November 2013, a wave of large-scale protests known as "Euromaidan" began in response to President Yanukovych's decision not to sign a political association and free trade agreement with the European Union (EU), instead choosing closer ties to Russia. Euromaidan soon developed into the largest democratic mass movement in Europe since 1989. Earlier that year, the Verkhovna Rada (Ukrainian parliament) had overwhelmingly approved finalizing the EU association agreement; Russia had pressured Ukraine to reject it. The scope of the protests widened, with calls for the resignation of Yanukovych and the Azarov government. Protesters opposed what they saw as widespread government corruption and abuse of power, the influence of Russia and oligarchs, police brutality, human rights violations, and repressive anti-protest laws.

A large, barricaded protest camp occupied Independence Square in central Kyiv throughout the 'Maidan Uprising'. In January and February 2014, clashes between protesters and Berkut special riot police resulted in the deaths of 108 protesters and 13 police officers, and the wounding of many others. The first protesters were killed in fierce clashes with police on Hrushevsky Street on 19–22 January. Following this, protesters

occupied government buildings throughout the country, and the Azarov government resigned. The deadliest clashes were on 18–20 February, which saw the most severe violence in Ukraine since it regained independence. Thousands of protesters advanced towards parliament, led by activists with shields and helmets, who were fired on by police snipers.

On 21 February, Yanukovych and the parliamentary opposition signed an agreement to bring about an interim unity government, constitutional reforms and early elections. Police abandoned central Kyiv that afternoon and the protesters took control. Yanukovych fled the city that evening. The next day, 22 February, the Ukrainian parliament voted to remove Yanukovych from office by 328 to 0 (about 73% of the parliament's 450 members). Yanukovych claimed this vote was illegal and asked Russia for help. Russian propaganda described the events as a "coup".

Pro-Russian, counter-revolutionary protests erupted in southern and eastern Ukraine. Russia occupied and then annexed Crimea, while armed pro-Russian separatists seized government buildings and proclaimed the independent states of Donetsk and Luhansk, sparking the Donbas war.

The Ukrainian parliament restored the 2004 amendments to the Ukrainian constitution. An interim government, led by Arseniy Yatsenyuk, signed the EU association agreement and disbanded the Berkut. Petro Poroshenko became president after winning the 2014 presidential elections. The new government began a removal of civil servants associated with the overthrown regime. There was also widespread decommunization and de-Sovietization of the country.

List of highest mountains on Earth

elevations of 7,200 m (23,622 ft; 4 mi) or greater above sea level. Of these, 14 are more than 8,000 m (26,247 ft; 5 mi). The vast majority of these mountains

There are at least 108 mountains on Earth with elevations of 7,200 m (23,622 ft; 4 mi) or greater above sea level. Of these, 14 are more than 8,000 m (26,247 ft; 5 mi). The vast majority of these mountains are part of either the Himalayas or the Karakoram mountain ranges located on the edge of the Indian Plate and Eurasian Plate in China, India, Nepal, and Pakistan.
