A crucial aspect of What's Worrying You is its comprehensive troubleshooting section, which serves as a go-to guide when users encounter unexpected issues. Rather than leaving users to struggle through problems, the manual provides systematic approaches that break down common errors and their resolutions. These

troubleshooting steps are designed to be concise and easy to follow, helping users to accurately diagnose problems without unnecessary frustration or downtime. What's Worrying You typically organizes troubleshooting by symptom or error code, allowing users to find relevant sections based on the specific issue they are facing.
