Sicily (Italian and Sicilian: Sicilia), officially the Sicilian Region (Italian: Regione Siciliana), is an island in the central Mediterranean Sea and one of the 20 regions of Italy, situated south of the Italian Peninsula in continental Europe. With 4.7 million inhabitants, including 1.2 million in and around the capital city of Palermo, it is both the largest and most populous island in the Mediterranean Sea.

Sicily is named after the Sicels, who inhabited the eastern part of the island during the Iron Age. Sicily has a rich and unique culture in arts, music, literature, cuisine, and architecture. Its most prominent landmark is Mount Etna, the tallest active volcano in Europe, and one of the most active in the world, currently 3,403 m (11,165 ft) high. The island has a typical Mediterranean climate. It is separated from Calabria by the Strait of Messina. It is one of the five Italian autonomous regions and is generally considered part of Southern Italy.

The earliest archaeological record of human activity on the island dates to around 14,000 BC. By around 750 BC, Sicily had three Phoenician and a dozen Greek colonies along its coasts, becoming one of the centers of Magna Graecia. The Sicilian Wars of 580–265 BC were fought between the Carthaginians and Greeks, and the Punic Wars of 264–146 BC were fought between Rome and Carthage. The Roman province of Sicilia ended with the fall of the Roman Empire in the 5th century AD. Sicily was ruled during the Early Middle Ages by the Vandals, the Ostrogoths, the Byzantine Empire, and the Emirate of Sicily.

The Norman conquest of southern Italy led to the creation of the County of Sicily in 1071, which was succeeded by the Kingdom of Sicily in 1130. In 1816, the kingdom unified with the Kingdom of Naples to form the Kingdom of the Two Sicilies. Following the Sicilian Vespers in 1282, Sicily was ruled by Aragon and then Spain, either in personal union with the crown or by a cadet branch, except for a brief period of Savoy and then Habsburg rule in 1713–1735. Following the Expedition of the Thousand, an invasion led by Giuseppe Garibaldi, and a subsequent plebiscite, the island became part of the newly unified Italy in 1860. Sicily was given special status as an autonomous administrative division on 15 May 1946, 18 days before the 1946 Italian institutional referendum.

Chocolate salami

Kekszer (rolled biscuit). In Italy, it is also called salame al cioccolato (chocolate salami) or, especially in Sicily, salami turcu (Turkish salami)

Chocolate salami is an Italian, Romanian and Portuguese dessert composed of cocoa, broken biscuits, butter and sometimes alcohol such as port wine or rum. The dessert became popular across Europe and elsewhere, often losing alcohol as an ingredient along the way.

Chocolate salami is not a meat product. The appellation "salami" stems from physical resemblance. Like salami, chocolate salami is formed as a long cylinder and is sliced across into discs for serving. These discs are a brown, chocolaty matrix (like the red meat of salami) peppered with bright bits of biscuit (like the white flecks of fat in salami). Some varieties also contain chopped nuts, such as almonds or hazelnuts and may be shaped like truffles.
