DC Comics is one of the largest comic book publishers in North America. DC has published comic books under a number of different imprints and corporate names. This is a list of all series, mini-series, limited series, one-shots and graphic novels published under the imprints DC or AA, and published by National Periodical Publications, National Comics Publications, All-American Comics, Inc., National Allied Publications, Detective Comics, Inc., and related corporate names, as well as imprints publishing titles directly related to the DC Universe characters and continuity, such as Elseworlds and DC Black Label. The list does not include collected editions; trade paperbacks; digital comics; free, promotional giveaways; or magazines, nor does it include series from imprints mainly publishing titles that are separate from the DC Universe continuity, such as Vertigo or WildStorm; series published under those imprints that are related to the DC Universe continuity are noted, but not listed.

While generally the most recognizable name of a comic is printed on the cover, the cover title can be changed for a number of reasons. For example, Action Comics has frequently been listed as Action Comics featuring Superman or Superman in Action Comics, or even on occasion Supergirl in Action Comics. The official name, however, is found in the indicia, in small print inside the comics.

(hc, 448 pages, 2024) Rorschach #1–12 (with Jorge Fornés, DC Black Label, October 2020 – September 2021). Collected as. Rorschach (hc, 304 pages, 2021

Thomas Krieger King (born July 15, 1978) is an American author, comic book writer, and former CIA officer. He is best known for the comic books The Vision for Marvel Comics, The Sheriff of Babylon for the DC Comics imprint Vertigo, and Batman, Mister Miracle, and Supergirl: Woman of Tomorrow for DC Comics.

In 2018, King received the Eisner Award for Best Writer for his work on Batman and Mister Miracle, sharing the award with Marjorie Liu.

In January 2023, it was announced by DC Studios co-chairman and co-CEO James Gunn that King would be one of the architects of the new DC Universe media franchise of feature films. It was also announced that King's Supergirl: Woman of Tomorrow miniseries would be adapted in the film Supergirl (2026).

List of Beavis and Butt-Head characters

after introducing herself in Mr. Buzzcut's class. She gives the boys a Rorschach inkblot test, with the boys interpreting each picture as a man masturbating

The following is a list of characters appearing on the MTV cartoon series Beavis and Butt-Head, each with a description. Some of these characters appear in only one or two episodes. The episodes in which they are known to appear are listed in italics. Other characters with smaller and/or less significant roles sometimes bear the likenesses of some of the characters listed below.

The Return of the Living Dead (soundtrack)

– *Le Retour Des Morts Vivants (The Return Of The Living Dead)*, (LP, Comp, TP), New Rose Records, France, 1985. *Battalion / The Return Of The Living Dead*

The Return of the Living Dead is the original soundtrack from the film of the same name, released in 1985 by Enigma Records. The film itself is a horror comedy film written and directed by Dan O'Bannon about a group of teenage punks dealing with a horde of brain-hungry zombies.

The soundtrack features classic punk rock, horror punk/death rock, psychobilly songs by groups like the Cramps, 45 Grave, T.S.O.L., the Damned and the Flesh Eaters.

The soundtrack has undergone numerous releases in different countries.

A limited vinyl edition was released in 2016.

Psychopathy

Acad Psychiatry Law 32:408–29, 2004 Franklin K (2011). "Psychopathy: A Rorschach test for psychologists?" *Witness*. Miller AK, Rufino KA, Boccaccini MT

Psychopathy, or psychopathic personality, is a personality construct characterized by impaired empathy and remorse, persistent antisocial behavior, along with bold, disinhibited, and egocentric traits. These traits are often masked by superficial charm and immunity to stress, which create an outward appearance of apparent normalcy.

Hervey M. Cleckley, an American psychiatrist, influenced the initial diagnostic criteria for antisocial personality reaction/disturbance in the Diagnostic and Statistical Manual of Mental Disorders (DSM), as did American psychologist George E. Partridge. The DSM and International Classification of Diseases (ICD) subsequently introduced the diagnoses of antisocial personality disorder (ASPD) and dissocial personality disorder (DPD) respectively, stating that these diagnoses have been referred to (or include what is referred to) as psychopathy or sociopathy. The creation of ASPD and DPD was driven by the fact that many of the classic traits of psychopathy were impossible to measure objectively. Canadian psychologist Robert D. Hare later re-popularized the construct of psychopathy in criminology with his Psychopathy Checklist.

Although no psychiatric or psychological organization has sanctioned a diagnosis titled "psychopathy", assessments of psychopathic characteristics are widely used in criminal justice settings in some nations and may have important consequences for individuals. The study of psychopathy is an active field of research. The term is also used by the general public, popular press, and in fictional portrayals. While the abbreviated term "psycho" is often employed in common usage in general media along with "crazy", "insane", and "mentally ill", there is a categorical difference between psychosis and psychopathy.

DC Black Label (also referred to simply as Black Label) is an imprint of American comic book publisher DC Comics consisting of original miniseries and reprints of books previously published under other imprints. The imprint intends to present traditional DC Universe characters for a mature audience with stand-alone Prestige Format series. The first title of the imprint, *Batman: Damned*, was released on September 19, 2018.

Guerilla Toss

received positive reviews. Nick Forté, of the seminal hardcore punk band Rorschach, is credited as co-writing two songs on the album. Shortly after Famously

Guerilla Toss is an American rock band, formed in Boston in 2011. Now based in New York City,

the group currently consists of singer Kassie Carlson, drummer Peter Negrofonte, guitarist Arian Shafiee, keyboardist Jake Lichter, and bassist Zach Lewellyn. Guerilla Toss has released five studio albums, seven EPs, and three remix albums, on various underground labels, DFA Records and more recently on Sub Pop. They were listed in *Rolling Stone* magazine as one of the "10 Great Modern Punk Bands" and Henry Rollins has called them "one of the first great bands of the new century".

Personality disorder

applied for personality evaluation, including projective tests such as the Rorschach test, as well as questionnaires such as the Minnesota Multiphasic Personality

Personality disorders (PD) are a class of mental health conditions characterized by enduring maladaptive patterns of behavior, cognition, and inner experience, exhibited across many contexts and deviating from those accepted by the culture. These patterns develop early, are inflexible, and are associated with significant distress or disability. The definitions vary by source and remain a matter of controversy. Official criteria for diagnosing personality disorders are listed in the sixth chapter of the International Classification of Diseases (ICD) and in the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders (DSM).

Personality, defined psychologically, is the set of enduring behavioral and mental traits that distinguish individual humans. Hence, personality disorders are characterized by experiences and behaviors that deviate from social norms and expectations. Those diagnosed with a personality disorder may experience difficulties in cognition, emotiveness, interpersonal functioning, or impulse control. For psychiatric patients, the prevalence of personality disorders is estimated between 40 and 60%. The behavior patterns of personality disorders are typically recognized by adolescence, the beginning of adulthood or sometimes even childhood and often have a pervasive negative impact on the quality of life.

Treatment for personality disorders is primarily psychotherapeutic. Evidence-based psychotherapies for personality disorders include cognitive behavioral therapy and dialectical behavior therapy, especially for borderline personality disorder. A variety of psychoanalytic approaches are also used. Personality disorders are associated with considerable stigma in popular and clinical discourse alike. Despite various methodological schemas designed to categorize personality disorders, many issues occur with classifying a personality disorder because the theory and diagnosis of such disorders occur within prevailing cultural expectations; thus, their validity is contested by some experts on the basis of inevitable subjectivity. They argue that the theory and diagnosis of personality disorders are based strictly on social, or even sociopolitical and economic considerations.
