Jen can't aid because she's not in the dungeon... she needs to enter before she can

Distance is zero. There are no squares in between. This is rather important (even if not always intuitive) but game testing has proven that you must count distance when aiding so that you count squares in between using shortest path, even if that means diagonals. And if nothing is in between (like in this case) there is no penalty.

She had to pay 4 because after skipping the Phantom she passed 4 spaces... if the Phantom wasn't there she would have to pay 5

That last action wouldn't happen because Richard said a 4, not a 5!
