Ötzi, also called The Iceman, is the natural mummy of a man who lived between 3350 and 3105 BC. Ötzi's remains were discovered on 19 September 1991, in the Ötztal Alps (hence the nickname "Ötzi", German: [œtsi]) at the Austria–Italy border. He is Europe's oldest known natural human mummy, offering an unprecedented view of Chalcolithic (Copper Age) Europeans.

Because of the presence of an arrowhead embedded in his left shoulder and various other wounds, researchers believe that Ötzi was killed by another person. The nature of his life and the circumstances of his death are the subject of much investigation and speculation. His remains and personal belongings are on exhibit at the South Tyrol Museum of Archaeology in Bolzano, South Tyrol, Italy.

Iceman (Robert Louis "Bobby" Drake) is a superhero appearing in American comic books published by Marvel Comics and is a founding member of the X-Men. Created by writer Stan Lee and artist/co-plotter Jack Kirby, the character first appeared in The X-Men #1 (Sept. 1963). Iceman is a mutant born with superhuman abilities. He has the ability to manipulate ice and cold by freezing water vapor around him. This allows him to freeze objects, as well as cover his body with ice.

Iceman has a relatively high profile among X-Men characters due to being frequently adapted into X-Men and Spider-Man-related media, including video games, animated series, and films. The character later received widespread media attention when a storyline retroactively revealed the original version of the character was a closeted gay man, in All-New X-Men #40 (April 2015), leading to his coming out.

Following the publication of this storyline, Iceman has been described as one of the most notable and powerful gay characters in comic books.

From 2000 to 2014, Shawn Ashmore portrayed Iceman in the 20th Century Fox X-Men films and voiced the character in The Super Hero Squad Show.

Iceman is the upcoming ninth studio album by Canadian rapper and singer-songwriter Drake, expected to be released in late 2025 by OVO Sound and Republic Records. Confirmed producers on the album include Drake's frequent collaborators Tay Keith and Oz, among others.

Iceman serves as a follow-up to Drake's collaborative album *Some Sexy Songs 4 U* (2025); it also marks his first full-length solo release since his eighth album *For All the Dogs* (2023) and since his feud with Kendrick Lamar. The album was promoted by two singles, "What Did I Miss?" and "Which One", the latter featuring British rapper Central Cee. Each single was preceded by a livestream on YouTube.

The Iceman Cometh is a play written by American playwright Eugene O'Neill in 1939. First published in 1946, the play premiered on Broadway at the Martin Beck Theatre on October 9, 1946, directed by Eddie Dowling, where it ran for 136 performances before closing on March 15, 1947. It has subsequently been adapted for the screen multiple times. The work tells the story of a number of alcoholic dead-enders who live together in a flop house above a saloon and what happens to them when the most outwardly "successful" of them embraces sobriety.

New York Times theatre critic Brooks Atkinson, at the beginning of the telecast of Sidney Lumet's 1960 television adaptation of *The Iceman Cometh*, called it, "a harsh and ruthless drama.... It is one of America's greatest plays," 14 years after it opened to mixed reviews on Broadway. Many years later, the 1999 Broadway revival, based on a 1998 London production starring Kevin Spacey as Hickey, was staged at the Brooks Atkinson Theatre.

Top Gun is a 1986 American action drama film directed by Tony Scott and produced by Don Simpson and Jerry Bruckheimer, with distribution by Paramount Pictures. The screenplay was written by Jim Cash and Jack Epps Jr., and was inspired by an article titled "Top Guns", written by Ehud Yonay and published in

California magazine three years earlier. It stars Tom Cruise as Lieutenant Pete "Maverick" Mitchell, a young naval aviator aboard the aircraft carrier USS Enterprise. He and his radar intercept officer, Lieutenant (junior grade) Nick "Goose" Bradshaw (Anthony Edwards), are given the chance to train at the United States Navy's Fighter Weapons School (Top Gun) at Naval Air Station Miramar in San Diego, California. Kelly McGillis, Val Kilmer and Tom Skerritt also appear in supporting roles.

When Top Gun was released on May 16, 1986, although its visual effects and soundtrack were universally acclaimed, the film initially received mixed reviews from film critics. Despite this, four weeks after its release, the number of theaters showing it increased by 45 percent, and it overcame initial critical resistance to become a huge commercial hit, grossing \$357 million globally against a production budget of \$15 million. Top Gun was the highest-grossing domestic film of 1986, as well as the highest-grossing film of 1986 worldwide.

The film maintained its popularity over the years and earned an IMAX 3D re-release in 2013, while the retrospective critical reception became more positive, with the film also emerging as a cult classic. Additionally, the soundtrack to the film has since become one of the most popular film soundtracks to date, reaching 9× Platinum certification. The film won both an Academy Award and a Golden Globe for "Take My Breath Away" performed by Berlin.

In 2015, the United States Library of Congress selected the film for preservation in the National Film Registry, finding it "culturally, historically, or aesthetically significant". A sequel, Top Gun: Maverick, in which Cruise and Kilmer reprised their roles, was released 36 years later on May 27, 2022, and surpassed the original film both critically and commercially.
