

Where's Wally Now

Where's Wally?

Where's Wally? (called Where's Waldo? in North America) is a series of children's puzzle books created by the English illustrator Martin Handford. The

Where's Wally? (called Where's Waldo? in North America) is a series of children's puzzle books created by the English illustrator Martin Handford. The books consist of a series of detailed double-page spread illustrations depicting dozens or more people doing a variety of amusing things at a given location. Readers are challenged to find a character named Wally and his friends hidden throughout the pages.

Wally is identified by his red-and-white-striped shirt, bobble hat, and glasses, but many illustrations contain red herrings involving deceptive use of red-and-white striped objects. Later entries in the long-running book series added other targets for readers to find in each illustration. The books have also inspired two television programmes (Where's Wally? the 1991 animated series and Where's Wally? the 2019 animated series), a comic strip and a series of video games.

As of 2007, more than 73 million Where's Wally? books had been sold around the world since the debut of the series in 1987. The series has been translated into 26 languages and is published in over 50 countries.

Where's Wally Now?

Where's Wally Now? (called Find Waldo Now and later Where's Waldo Now? in the US) is the second Where's Wally? book. It was first published in 1988. In

Where's Wally Now? (called Find Waldo Now and later Where's Waldo Now? in the US) is the second Where's Wally? book. It was first published in 1988. In the book Wally travels through time as he visits many different locations and events. He also loses a book on each page, which the reader has to find.

The book was re-released in October 1997 in a special edition where Wally was moved in each picture and additional characters were added for the reader to find (Woof, Wizard Whitebeard, Wenda, Odlaw, the Wally Watchers and others).

The book has since been re-published into a smaller size/format.

Where's Waldo? (2019 TV series)

Where's Waldo? (known outside North America as Where's Wally?) is an American animated children's television series produced by DreamWorks Animation Television

Where's Waldo? (known outside North America as Where's Wally?) is an American animated children's television series produced by DreamWorks Animation Television, based on the Where's Wally? book series created by Martin Handford. It is the second television adaptation of the series, succeeding the 1991 animated series, and incorporates elements from that series. The series debuted on Universal Kids on July 20, 2019. It moved to the streaming service Peacock for its second season on July 15, 2020.

Additional episodes of the series aired on December 11 the same year. Other media featuring the titular character include the 1991 original animated television series and the series of books.

Where's Wally? The Fantastic Journey

Where's Wally? The Fantastic Journey (originally numbered with a "3"; originally called The Great Waldo Search in North America; now called Where's Waldo

Where's Wally? The Fantastic Journey (originally numbered with a "3"; originally called The Great Waldo Search in North America; now called Where's Waldo? The Fantastic Journey) is the third Where's Wally? book, first released in 1989. In the book Wally travels to fantasy lands in search of Wizard Whitebeard's magical scrolls. The book introduces the second recurring Where's Wally character, Wizard Whitebeard. Readers are also asked for the first time to find the Wizard's scrolls.

The book introduces "The Land of Wallies" and the concept that Wally is just one of many Wallies. The Land of Wallies would reappear in The Ultimate Fun Book (known as WallyLand) and The Great Picture Hunt (known as WallyWorld). It would later be shown that Woof and Odlaw also come from worlds of many others like them with the introduction of "The Odlaw Swamp" and "The Land of Woofs" in Where's Wally?: The Wonder Book.

The book was re-released in 1993 and again in 1997, moving Wally and inserting new characters (Woof, Wenda, Odlaw, the Wally Watchers, and others), and again once more into a smaller size. In 2017 the book was the third biggest seller of World book day, having been selected as one of ten books that would be promoted for it.

Two video game adaptations of this book were released. The first one was The Great Waldo Search, which was released in 1992 for the NES, SNES and the Sega Genesis. The second is a remake titled Where's Waldo? The Fantastic Journey, which was released on iOS, Microsoft Windows, Wii and Nintendo DS almost two decades later in 2009. The latter takes advantage of pointer-based motion controls to provide a more intuitive experience in searching for targets, and includes a two-player versus mode for family-friendly competition.

Where's Wally? (TV series)

Where's Wally? (called Where's Waldo? in North America) is an animated television series production based on the Where's Wally? books by Martin Handford

Where's Wally? (called Where's Waldo? in North America) is an animated television series production based on the Where's Wally? books by Martin Handford and aired on CBS in the United States and ITV in the United Kingdom for one season with a series of four episodes being released straight-to-video following afterwards. The series was produced by The Waldo Film Company, Handford's vanity label for the Where's Wally? property, with DIC Enterprises handling animation production and HIT Communications PLC handling worldwide distribution, although both companies were not involved with the later direct-to-video specials.

Where's Waldo? (Justified)

"Where's Waldo?" is the second episode of the fourth season of the American Neo-Western television series Justified. It is the 41st overall episode of

"Where's Waldo?" is the second episode of the fourth season of the American Neo-Western television series Justified. It is the 41st overall episode of the series and was written by co-executive producer Dave Andron and directed by Bill Johnson. It originally aired on FX on January 15, 2013.

The series is based on Elmore Leonard's stories about the character Raylan Givens, particularly "Fire in the Hole", which serves as the basis for the episode. The series follows Raylan Givens, a tough deputy U.S. Marshal enforcing his own brand of justice. The series revolves around the inhabitants and culture in the Appalachian Mountains area of eastern Kentucky, specifically Harlan County where many of the main characters grew up. In the episode, Raylan, Mullen and Tim start investigating the origin of "Waldo Truth"

and why was so important to Arlo. Meanwhile, Boyd starts running into trouble with preacher Billy St. Cyr.

According to Nielsen Media Research, the episode was seen by an estimated 2.45 million household viewers and gained a 0.9 ratings share among adults aged 18–49. The episode received universal acclaim from critics, who praised the writing, acting, character development, humor and building momentum for the season.

Where's Wally?: The Ultimate Fun Book

Where's Wally?: The Ultimate Fun Book (Where's Waldo?: The Ultimate Fun Book in America) is a Where's Wally? activity book released in 1990. The book

Where's Wally?: The Ultimate Fun Book (Where's Waldo?: The Ultimate Fun Book in America) is a Where's Wally? activity book released in 1990. The book introduces Wilma, her dog Woof, and the Wally Watchers.

Unlike the previous three Where's Wally? books (Where's Wally?, Where's Wally Now?, and The Fantastic Journey), this book featured various puzzles and games rather than the traditional detailed crowd scenes. The other kinds of additional puzzles included spot-the-differences, coloring pages, and a board game. The book was also a smaller paperback book that included stickers and press-outs.

Where's Waldo at the Circus

Where's Waldo at the Circus is a computer video game that immerses the player in a rich interactive environment complete with music, sound, and animation

Where's Waldo at the Circus is a computer video game that immerses the player in a rich interactive environment complete with music, sound, and animation. A team of educators assisted with the game design, and the exercises within it conform to the guidelines of the National Council of Teachers of Mathematics and the California Department of Education. The game is designed for "children ages 4 through 9.

The game is introduced by Waldo asking the player's name. After answering, the player goes to the Big Top to meet Wizard Whitebeard, who gives options of hearing the story behind the game or jumping right in.
